Paper 1 Writing **May/June 2022**

MARK SCHEME

Maximum Mark: 60

**Published**

This mark scheme is published as an aid to teachers and candidates, to indicate the requirements of the examination. It shows the basis on which Examiners were instructed to award marks. It does not indicate the details of the discussions that took place at an Examiners' meeting before marking began, which would have considered the acceptability of alternative answers.

Mark schemes should be read in conjunction with the question paper and the Principal Examiner Report for Teachers.

Cambridge International will not enter into discussions about these mark schemes.

Cambridge International is publishing the mark schemes for the May/June 2022 series for most Cambridge IGCSE, Cambridge International A and AS Level and Cambridge Pre-U components, and some Cambridge O Level components.

## Generic Marking Principles

These general marking principles must be applied by all examiners when marking candidate answers. They should be applied alongside the specific content of the mark scheme or generic level descriptors for a question. Each question paper and mark scheme will also comply with these marking principles.

GENERIC MARKING PRINCIPLE 1:

Marks must be awarded in line with:

- the specific content of the mark scheme or the generic level descriptors for the question
- the specific skills defined in the mark scheme or in the generic level descriptors for the question
- the standard of response required by a candidate as exemplified by the standardisation scripts.

GENERIC MARKING PRINCIPLE 2:

Marks awarded are always **whole marks** (not half marks, or other fractions).

GENERIC MARKING PRINCIPLE 3:

Marks must be awarded **positively**:

- marks are awarded for correct/valid answers, as defined in the mark scheme. However, credit is given for valid answers which go beyond the scope of the syllabus and mark scheme, referring to your Team Leader as appropriate
- marks are awarded when candidates clearly demonstrate what they know and can do
- marks are not deducted for errors
- marks are not deducted for omissions
- answers should only be judged on the quality of spelling, punctuation and grammar when these features are specifically assessed by the question as indicated by the mark scheme. The meaning, however, should be unambiguous.

GENERIC MARKING PRINCIPLE 4:

Rules must be applied consistently, e.g. in situations where candidates have not followed instructions or in the application of generic level descriptors.

GENERIC MARKING PRINCIPLE 5:

Marks should be awarded using the full range of marks defined in the mark scheme for the question (however; the use of the full mark range may be limited according to the quality of the candidate responses seen).

GENERIC MARKING PRINCIPLE 6:

Marks awarded are based solely on the requirements as defined in the mark scheme. Marks should not be awarded with grade thresholds or grade descriptors in mind.

**English & Media subject specific general marking principles**
**(To be read in conjunction with the Generic Marking Principles (and requiring further guidance on how to place marks within levels))**

**Components using level descriptors:**

- We use level descriptors as a guide to broad understanding of the qualities normally expected of, or typical of, work in a level.
- Level descriptors are a means of general guidance, and should not be interpreted as hurdle statements.
- Where indicative content notes are supplied for a question, these are *not* a prescription of required content, and must not be treated as such. Alternative correct points and unexpected answers in candidates' scripts must be given marks that fairly reflect the knowledge and skills demonstrated.
- While we may have legitimate expectations as to the ground most answers may occupy, we must at all times be prepared to meet candidates on their chosen ground, provided it is relevant ground (e.g. clearly related to and derived from a relevant passage/text and meeting the mark scheme requirements for the question).

**Components using point-based marking:**

Point marking is often used to reward knowledge, understanding and application of skills. We give credit where the candidate's answer shows relevant knowledge, understanding and application of skills in answering the question. We do not give credit where the answer shows confusion.

From this it follows that we:

**a** DO credit answers which are worded differently from the mark scheme if they clearly convey the same meaning (unless the mark scheme requires a specific term).
**b** DO credit alternative answers/examples which are not written in the mark scheme if they are correct.
**c** DO credit answers where candidates give more than one correct answer in one prompt/numbered/scaffolded space where extended writing is required rather than list-type answers. For example, questions that require *n* reasons (e.g. State two reasons…).
**d** DO NOT credit answers simply for using a 'key term' unless that is all that is required. (Check for evidence it is understood and not used wrongly.).
**e** DO NOT credit answers which are obviously self-contradicting or trying to cover all possibilities.
**f** DO NOT give further credit for what is effectively repetition of a correct point already credited unless the language itself is being tested. This applies equally to 'mirror statements' (i.e. polluted/not polluted).
**g** DO NOT require spellings to be correct, unless this is part of the test. However spellings of syllabus terms must allow for clear and unambiguous separation from other syllabus terms with which they may be confused (e.g. Corrasion/Corrosion).

**The assessment objectives for Sections 1 and 2 are:**

Assessment Objectives for Writing **(AO1)**

| | |
|---|---|
| W1 | Articulate experience and express what is thought, felt and imagined |
| W2 | Sequence facts, ideas and opinions |
| W3 | Use a range of appropriate vocabulary |
| W4 | Use register appropriate to audience and context |
| W5 | Make accurate use of spelling, punctuation and grammar |

Assessment Objectives for Reading **(AO2)**

| | |
|---|---|
| R1 | Demonstrate understanding of explicit meanings |
| R2 | Demonstrate understanding of implicit meanings and attitudes |

**Section 1: Directed Writing.**

Candidates are expected to:
1. Write a letter which communicates information clearly, accurately and economically
3. Carry out the instructions as detailed on the question paper regarding the particular information required. Candidates will be awarded up to 15 marks for following the task instructions and up to 15 marks for the language used.

Total marks for Section 1: **30**.

In order to fulfil these assessment objectives in Section 1, a 'best fit' principle is applied using the Task Fulfilment and Language band descriptors.

**Section 1 Question**

**Your local council plans to make changes to a public facility in your area, for example a sports centre, a park, a health centre or any other facility. There will be advantages to these changes but some local residents are unhappy about the council's plans. You decide to write a letter to the editor of a local newspaper to explain how people feel about the possible changes.**

**Write your letter. You must include the following:**

- **which public facility it is and the changes the council plans to make**
- **the advantages of the possible changes and why some local residents are unhappy about the plans**
- **what you think the local council should do in response to residents' opinions.**

**Cover all three points above in detail. You should make your letter polite and informative. Start your letter 'Dear Editor' and remember to supply a suitable ending.**

**Section 2: Composition**

**Candidates are advised to write between 350 and 500 words.**

**Description**

**Argument**

**3 'I don't believe giving can ever be as good as receiving.' Do you think this is true? Give reasons and examples to support your view.**

**4 'Parents should insist that their children do extra-curricular activities such as attending school clubs or sports training, even when the children don't want to.' How far do you agree with this? Give reasons and details to support your view.**

**Narrative**

**5 Write a story which contains the sentence: 'I was surprised when my mother said she had seen my friend several kilometres away.'**

**6 Write a story in which a helicopter plays an important part.**
